-OVER 80 AND GOING STRONG-

Does this sound like you or someone you know?
If so, join our research study!

Who?
Adults over the age of 80 who remain actively engaged in life

What is involved?
Participants in our study will visit our center in Chicago every 2 years for:
- Cognitive testing
- An MRI brain scan
- Surveys and Questionnaires

Why?
To help us better understand and identify factors that contribute to SuperAging, the maintenance of cognitive functioning in old age

Where?
Northwestern University CNADC
320 E. Superior Street, Searle Building, Chicago, IL

Compensation will be offered for your time
